

Please fill out this form when sending your shocks/struts. Please do not ship your shocks/struts with springs or additional hardware; or additional charges may apply. Normal turn-around time is two to three weeks from date of receipt but it is sometimes subject to seasonal run-ups so please call Pro Parts USA in advance to determine your projected availability date.

Services to be performed:

Increase / Decrease Max Length*		
Shorten Shock Min Length		
Gas / Non Gas		
Convert to Double Adjustable		
Rebound External Adjustment Conversion?		
Spring Rate Change		
Coil-over Conversion (where applicable)		
Revalve		

* To add rebound stop means that the maximum length of the damper will get shorter

Please attach any other specifications or attachment information as needed

This specification sheet must be signed off by the customer before any shocks will be built or modified. Any changes made by the customer will be recognized as the customers requested dimensions and the damper will be built to these listed specifications. The customer is responsible for the signed off specification sheet. At time of order, we will contact you for any corrections, as needed, and with a price quote for the work. If there are any questions, please contact us at 818-888-8904.
